

Living Kidney Donors Network and Tufts Medical Center

Invites those in need of a kidney transplant to attend a hands-on Workshop

Having Your Donor Find YOU!

Monday, September 24, 2018 at:

1:00 – 3:30 PM

(Please arrive 15 minutes earlier to sign-in)

Location: Tufts Medical Center

LKDN with the support of Tufts Medical Center have teamed up to bring you an educational and communications training workshop.

This workshop educates those who need, or will need a kidney transplant and their advocates, friends and family members that want to help in the search, so invite them to join you. You will learn the facts about living donation and leave with the skills to effectively communicate this information to others. There are many benefits of a kidney from a living donor, i.e. they last on average twice as long as one from a deceased donor. **If you are apprehensive about talking to others about your situation, this workshop is for you!**

You will leave the workshop with a plan that will start you on the path to a successful living kidney transplant experience.

This is a complimentary class offered by LKDN and supported by Tufts Medical Center. The workshop is taught by transplant recipients and living donors who bring practical applications to this critical subject.

Space is Limited, you must **RSVP to attend to:**

Harvey Mysel email: harvey@LKDN.org 312-473-3772
